

HSUC was founded in 1983 by a small group of dedicated volunteers, rescuers and businesses with a common bond: to help as many dogs and cats as is humanly possible. In 2011 we opened the Monroe Low Cost Spay Neuter Clinic to further our goals of reducing the number of unwanted and homeless pets in our area.

## Our Mission

The Humane Society of Union County (HSUC) was created in 1983 with the mission to help save and rehome the unwanted dogs and cats of Union County North Carolina and the surrounding areas. HSUC is a foster-based and volunteer-driven organization. All of our dogs and cats are placed in temporary foster homes until they are medically treated, spayed or neutered, and ready for adoption.
